Strategic Report for the 52 weeks ended 27 December 2020

The directors present their Strategic Report for the 52 weeks ended 27 December 2020.

Fair review of the business

Business review

Reach Publishing Group Limited (the "company") made neither operating profit nor loss in the period (2019: nil). Dividends of £19,000,000 were received (2019: £57,000,000) from subsidiary undertakings which were paid as a dividend to the company's immediate parent undertaking. Dividends of £455,083 were received (2019: 498,400) from associate undertakings. The directors carried out an annual impairment review of investments which has resulted in no impairment charge (2019: nil).

On 24 November 2020, the Group acquired the 50% of the issued share capital of Independant Star Limited not previously owned.

Financial position and future prospects

The financial position of the company is set out on page 11. The company has continued to perform in line with management's expectations since the year end. The Board is confident that the company will make further good progress through the rest of the year delivering its strategic objectives within the group.

The net assets of the company have increased by £455,083 (2019: £498,400) to £644,953,483 (2019: £644,498,400) due to the profit (2019: profit) for the period less the dividends paid to the immediate parent undertaking.

The financial risk management objectives are set out in the Directors' Report (page 3).

Key performance indicators

The company is a holding company and does not set or monitor key performance indicators.

Section 172 statement

From the perspective of the board, as a result of the group governance structure, the matters that it is responsible for considering under Section 172 (1) of the Companies Act 2006 ('s172') have been considered to an appropriate extent by the group board in relation both to the group and to this company. The board has also considered relevant matters where appropriate. To the extent necessary for an understanding of the development, performance and position of the company, an explanation of how the group board has considered the matters set out in s172 (for the group and for the company) is set out on page 50 of the 2020 Reach plc Annual Report, which does not form part of this report.

Section 172 compliance outlined in the 2020 Reach plc Annual Report is applicable to the company. This gives an overview of how the company has engaged with key stakeholders during the year such as shareholders.

Principal risks and uncertainties

The company holds investments in fellow group companies. The principal risk is the carrying value of the company's investments which the directors review at least annually. The carrying value of the company's investments is impacted by the group's future performance and strategy. The risk is of the Macro-economic deterioration which encompasses the impact of COVID-19 pandemic and the UK's departure from the EU, is that the structural challenges facing print media results in a faster than anticipated loss of print revenue, and the growth of digital revenue is not sufficient, over time, to offset these declines. The directors look to mitigate this risk by the continuing focus on reducing costs.

Approved by the Board on 23 September 2021 and signed on its behalf by:

.....
Reach Directors Limited
Simon Fuller

Directors' Report for the 52 weeks ended 27 December 2020

The directors present their report and the financial statements for the 52 weeks ended 27 December 2020.

Directors of the company

The directors of the company who were in office during the period and up to the date of signing the financial statements were as follows:

Jim Mullen

Simon Fuller

Reach Directors Limited

Principal activity

The principal activity of the company is that of a holding company within the Reach plc group.

Results and dividends

The results for the period are set out on page 9. The profit for the period of £19,455,000 (2019: £57,498,000) has been transferred to reserves. During the period, a dividend of £19,000,000 was paid to the immediate parent undertaking (2019: £57,000,000). No dividends have been proposed or paid since the period end.

Financial risk management policies and objectives

The company's operations expose it to financial risks that include credit and liquidity risk. The company has mechanisms in place that seek to limit the impact of the adverse effects of these risks on the financial performance of the company.

Credit risk management

Credit risk refers to the risk that a counter-party with the company will default on its contractual obligations resulting in a financial loss. Credit risk for the company considers both external and inter-group debt. In respect of external debt, the company has adopted a policy of only dealing with creditworthy counterparties and ongoing credit evaluation is performed on the financial condition of trade receivables. In respect of inter-group receivables, the position of the counter-party, and the level of support provided by the wider Reach plc group are considered.

Liquidity risk management

The company, taking into consideration the support of the Reach plc group as required, actively manages its finances to ensure that it has sufficient funds available for its operations and to meet its obligations.

Financial position and future prospects

The company's future developments are integrated with those of the Group, which are discussed in the 2020 Reach plc Annual Report, which does not form part of this report. Further details of the financial position and future prospects of the company is set out in the Strategic Report on page 2.

Going concern basis

In determining whether the company's financial statements can be prepared on a going concern basis the directors have considered the factors likely to affect the future development, performance and financial position of the company. In particular, the directors have reviewed the assessment, particularly as a result of the COVID-19 outbreak.

The company has net current liabilities of £129,915,000 at 27 December 2020, which includes net amounts owed to other subsidiary undertakings of Reach plc of £129,915,000. The directors note that Reach plc Group has a strong balance sheet and liquidity with a net cash positive position of £42.0m at 27 December 2020. This represents a cash balance of £42.0m with no draw down on the Group's revolving credit facility of £65.0m.

At the date of signing of these financial statements the directors have considered all the factors impacting the company's business, including downside sensitivities and the strong balance sheet of Reach plc. The company has in place a support letter from Reach plc, the Group's holding company stating that Reach plc will not seek repayment of amounts owed by the company unless alternative financing is available and will advance further amounts as required by the company from 12 months from the date of signature of the company financial statements.

The directors therefore have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the company's financial statements.

Reach Publishing Group Limited

(Registration number: 3890730)

Directors' Report for the 52 weeks ended 27 December 2020 (continued)

Directors' liabilities

During the period and as at the date of signing the annual report and financial statements, the ultimate parent company has in place a directors' and officers' liability insurance policy which includes the company.

Qualifying indemnity provision

During the period the existing and former directors of the company benefited from a qualifying third party indemnity provision, in accordance with section 234 of the Companies Act 2006. The provision was in force during the financial period and where the directors report was approved, and this remains in force at the date of this report. The indemnity is provided by Reach plc and covers, to the extent permitted by law, any third party liabilities which directors may incur as a result of their service on the board.

Disclosure of information to the auditors

Each director has taken steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information. The directors confirm that there is no relevant information that they know of and of which they know the auditors are unaware.

Independent auditors

The auditors PricewaterhouseCoopers LLP are deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of Directors' Responsibilities in Respect of the Financial Statements

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulation.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law).

Under company law, directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 101, have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

Directors' confirmations

In the case of each director in office at the date the directors' report is approved:

- so far as the director is aware, there is no relevant audit information of which the company's auditors are unaware; and
- they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information.

Independent auditors' report to the members of Reach Publishing Group Limited

Report on the audit of the financial statements

Opinion

In our opinion, Reach Publishing Group Limited's financial statements:

- give a true and fair view of the state of the company's affairs as at 27 December 2020 and of its profit for the 52 week period then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual Report and Financial Statements (the "Annual Report"), which comprise: the Balance sheet as at 27 December 2020; the Profit and Loss Account and the Statement of Changes in Equity for the period then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the company's ability to continue as a going concern.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic report and Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on our work undertaken in the course of the audit, the Companies Act 2006 requires us also to report certain opinions and matters as described below.

Strategic report and Directors' Report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic report and Directors' Report for the period ended 27 December 2020 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic report and Directors' Report.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of Directors' Responsibilities in Respect of the Financial Statements, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the company and industry, we identified that the principal risks of non-compliance with laws and regulations related to UK tax legislation, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to management estimates including the release of provisions, the posting of inappropriate journals to increase revenue or reduce expenditure, misappropriation of cash, and unusual and infrequent users. Audit procedures performed by the engagement team included:

- Discussions with management, internal audit and the Group's legal advisors, including consideration of known or suspected instances of non-compliance with laws and regulation and fraud;
- Challenging assumptions and judgements made by management in their significant accounting estimates, including impairment of investments;
- Identifying and testing journal entries to address the risk of inappropriate journals referred to above; and
- Reviewing the financial statement disclosures and agreeing to underlying supporting documentation.

There are inherent limitations in the audit procedures described above. We are less likely to become aware of instances of non-compliance with laws and regulations that are not closely related to events and transactions reflected in the financial statements. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting

Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not obtained all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of directors' remuneration specified by law are not made; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Notes to the Financial Statements for the 52 weeks ended 27 December 2020

1 General information

The company is a private company limited by share capital, incorporated and domiciled in England and Wales.

The address of its registered office is:

One Canada Square

Canary Wharf

London

E14 5AP

United Kingdom

2 Basis of preparation and significant accounting policies

Statement of compliance

The company financial statements have been prepared in accordance with Financial Reporting Standard 101, 'Reduced Disclosure Framework' (FRS 101).

Basis of preparation

The financial statements of Reach Publishing Group Limited, a private company limited by shares, incorporated in the United Kingdom under the Companies Act 2006 and registered in England and Wales. The preparation of financial statements in conformity with FRS 101 requires the use of certain key accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies.

For administrative convenience, the financial statements are made up to a suitable date near the end of the calendar year. These financial statements have been prepared for the 52 weeks ended 27 December 2020 and the comparative period has been prepared for the 52 weeks ended 29 December 2019.

The financial statements are presented in pounds sterling because that is the currency of the primary economic environment in which the company operates.

The nature of the company's operations and its principal activity are set out in the Directors' Report on page 3.

These financial statements are separate financial statements. The company is exempt from the preparation of consolidated financial statements, by virtue of section 400 of the Companies Act 2006, because it is included in the group accounts of Reach plc. Details of the parent in whose consolidated financial statements the company is included are shown in note 11 to the financial statements.

As permitted by FRS 101, the company has taken advantage of the disclosure exemptions available under that standard in relation to financial instruments, presentation of comparative information in respect of certain assets, presentation of a cash-flow statement, standards not yet effective, disclosure of remuneration paid to auditors for non-audit services, related party transactions, key assumptions in cash flow projections and qualitative and quantitative information related to changes in contract assets and contract liabilities. Where required, equivalent disclosures are given in the group accounts of Reach plc. The group accounts of Reach plc are available to the public and can be obtained as set out in note 11.

Going concern

The financial statements have been prepared on a going concern basis as set out in the Directors' Report.

Amendments to IFRSs and new Interpretations that are mandatorily effective for the current year

There were no new amendments to IFRSs or new Interpretations effective for the current period for the company to adopt.

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Notes to the Financial Statements for the 52 weeks ended 27 December 2020 (continued)

2 Basis of preparation and significant accounting policies (continued)

Investments

Fixed asset investments are stated at cost less provision for any impairment. An impairment review is undertaken at each reporting date or more frequently when there is an indication that the recoverable amount is less than the carrying amount. Recoverable amount is the higher of fair value less costs to sell and value-in-use. In assessing value-in-use the estimated future cash flows of the cash-generating units relating to the investment are discounted to their present value using a post-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset for which estimates of future cash flows have not been adjusted. Use of a post-tax discount rate to discount the future post-tax cash flows is materially equivalent to using a pre-tax discount rate to discount the future pre-tax cash flows. The impairment conclusion remains the same on a pre or post tax basis. If the recoverable amount of the cash-generating units relating to the investment is estimated to be less than its carrying amount, the carrying value of the investment is reduced to its recoverable amount. An impairment loss is recognised in the profit and loss account in the period in which it occurs and may be reversed in subsequent periods.

Income from shares in investment undertakings

Dividend income from investments (including subsidiaries and associates) is recognised when the shareholders' rights to receive payment have been established.

Financial instruments

Financial assets and financial liabilities are recognised in the balance sheet when the company becomes a party to the contractual provisions of the instrument.

Other financial liabilities

Financial liabilities, including borrowings, are initially recognised at fair value and subsequently measured at amortised cost, net of transaction costs.

Called up share capital

Ordinary shares are classified as equity.

Dividends

Dividend distributions to the company's shareholders are recognised as a liability in the financial statements in the period in which the dividends are approved.

2.1 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Investments impairment review

There is uncertainty in the value-in-use calculation. The value-in-use calculation requires the company to estimate the future cash flows expected to arise from the investment and a suitable discount rate in order to calculate present value. Projections are based on both internal and external market information and reflect past experience. The discount rate reflects the weighted average cost of capital of the company.

Critical judgements in applying the company's accounting policies

In the process of applying the company's accounting policies, described above, management has made the following judgements that have the most significant effect on the amounts recognised in the financial statements:

Assumptions used in the impairment review for investments in subsidiaries

Value in use is calculated for the Publishing activities of Reach plc. There is judgement required in the allocation of such value in use to the individual Publishing entities. At each reporting date management review the appropriateness of the allocation and performs impairment review for investments in subsidiaries.

Notes to the Financial Statements for the 52 weeks ended 27 December 2020 (continued)

3 Operating profit

The auditor's remuneration of £1,000 (2019: £1,000) for the audit of the statutory financial statements of this company has been borne and not recharged by another group company.

4 Information regarding directors and employees

The company has no employees (2019: none).

Directors' emoluments

The directors holding office during the period consider their services to the company are incorporated within their duties as directors of Reach Plc Group, it is not practical to allocate remuneration to each entity. No remuneration has been apportioned to the company.

5 Tax on profit on ordinary activities

Tax in the profit and loss account

	52 weeks ended 27 December 2020 £ 000	52 weeks ended 29 December 2019 £ 000
Tax in the profit and loss account	-	-

The tax on profit before tax for the period is lower than the standard rate of corporation tax in the UK (2019: lower than the standard rate of corporation tax in the UK) of 19% (2019: 19%).

The differences are reconciled below:

	52 weeks ended 27 December 2020 £ 000	52 weeks ended 29 December 2019 £ 000
Profit before tax	19,455	57,498
Corporation tax at standard rate	3,696	10,925
Decrease from effect of revenues exempt from taxation	(3,696)	(10,925)
Total tax	-	-

6 Dividends paid

	52 weeks ended 27 December 2020 £ 000	52 weeks ended 29 December 2019 £ 000
Final dividend of £0.19 (2019: £0.57) per each ordinary share	19,000	57,000

Notes to the Financial Statements for the 52 weeks ended 27 December 2020 (continued)

7 Investments

Investment in subsidiary undertakings	£ 000
Cost	
At 31 December 2018	1,622,982
At 29 December 2019	1,622,982
At 30 December 2019	1,622,982
Additions	7,886
At 27 December 2020	1,630,868
Provision	
At 31 December 2018	(856,000)
At 29 December 2019	(856,000)
At 27 December 2020	(856,000)
Carrying amount	
At 27 December 2020	774,868
At 29 December 2019	766,982

On 24 November 2020, the Group acquired the 50% of the issued share capital of Independent Star Limited not previously owned.

An impairment review at the reporting date of the company's investments was undertaken which indicated that nil (2019: nil) impairment charge was required.

For the impairment review cash flows have been prepared using the approved Budget for 2021 and projections for a further nine years as this is the period over which the transformation to digital can be assessed. The projections for 2022 to 2030 are internal projections based on continued decline in print revenues and growth in digital revenues and the associated change in the cost base as a result of the changing revenue mix. The company's medium term internal projections are that growth in digital revenue will be sufficient to offset the decline in print revenue and that overall revenue will stabilise. The long-term growth rates beyond the 10-year period have been assessed at 0% based on the view of the market position and maturity of the relevant market. The current post-tax and equivalent pre-tax discount rate used is 10.9% and 13.4% respectively. The impairment review is highly sensitive to reasonably possible changes in key assumptions used in the value-in-use calculations. There is increased uncertainty due to COVID-19. A combination of reasonably possible changes in key assumptions such as print revenue declining at a faster rate than projected, digital revenue growth being significantly lower than projected or the associated change in the cost base being different than projected, could lead to an impairment in investments.

The company's investments are in MGL2 Limited, Reach Regionals Limited, Reach Network Media Limited and Independent Star Limited. For MGL2 Limited if these sensitivities led to a 22% reduction in value in use this would lead to the removal of the headroom. For Reach Regionals Limited if these sensitivities led to a 17% reduction in value in use this would lead to the removal of the headroom. For Reach Network Media Limited if these sensitivities led to a 54% reduction in value in use this would lead to the removal of the headroom. For Independent Star Limited if these sensitivities led to a 35% reduction in value in use this would lead to the removal of the headroom.

The following subsidiary undertakings are 100% owned and incorporated in Scotland with a registered office at One Central Quay, Glasgow, G3 8DA.
