Acquisition Models

Independent Agencies have the decision to make of where to deploy their capital; investing in resources to retain & attract new clients, recruiting & hiring top talent, or making acquisitions. Our Agency Partnership Platform allows you to accomplish these goals while giving you the ability to use our capital to grow at a faster pace through acquisitions.

Our 3 different acquisition models include:

- Platform agencies
- Stand-alone acquisitions

We went through an exhaustive process when evaluating brokers to join. We wanted to find a broker that was a fit for our business model, but more importantly, we needed to make sure it was a fit for our culture. AssuredPartners has proven to be the perfect fit. Since joining in 2017, we have expanded our reach to new markets, provided exciting opportunities for our associates, and we are armed with the resources needed to achieve levels of growth that were unattainable on our own.
