	PAT. NO.	Title
1	11,444,438	Switch cabinet frame structure having closed base frame
2	D960,680	Door handle for switchgear cabinet
3	11,396,767	Hinge assembly for a switch cabinet
4	11,283,246	Mounting plate arrangement and a corresponding method
5	11,276,992	Method for electrical cabling with a cable sequence of electronic components in switchgear construction and a corresponding robot arrangement
6	11,266,036	Assembly formed from a switch cabinet base and a switch cabinet rack mounted thereon, and a corresponding switch cabinet row
7	D934,652	Door handles for switchgear cabinet
8	D934,049	Door handles for switchgear cabinet
9	D929,348	Housing of switchboard for electric connections
10	11,101,629	Busbar holder and corresponding arrangement
11	11,072,953	Hinge for a switchgear cabinet housing and corresponding switchgear cabinet housing and mounting method
12	11,044,831	Electrical enclosure arrangement comprising an electrical enclosure line and a cooling device connected into the line
13	10,925,390	Rack for a switchgear cabinet arrangement
14	10,903,629	Switch cabinet having a frame and an interior fitting component, corresponding switch cabinet assembly, and corresponding interior fitting component
15	10,816,188	Cabinet light for the illumination of a cabinet interior
16	10,811,854	Mounting plate assembly for a switchgear cabinet
17	10,792,775	Method and machining device for clamping and machining an electrical enclosure component
18	10,765,035	Electrical enclosure assembly comprising a cooling device which is received in an electrical enclosure housing
19	10,765,025	Stabilizing arrangement for transporting a switch cabinet
20	D892,180	Parts for cooling devices
21	10,718,496	Switchgear cabinet lighting unit having an adjustable lighting means board

22 10,714,912 T Switch cabinet with a side panel, a related method and a related bay of switch cabinets
23 10,680,417 T Securing system for securing a roof structure in a notch on the roof of a switch cabinet
24 10,622,735 T Cable sequence for a wiring of an electrical circuit, method for production and use
25 10,608,419 T Switchgear cabinet or rack for accommodating electrical energy stores, in particular batteries, and a corresponding switchgear cabinet assembly or rack assembly
26 10,601,205 T Connection arrangement for the connection of two switchgear cabinet frameworks
27 D876,922 T Door handles for switchgear cabinets
28 10,553,055 T Locking arrangement, in particular door lock arrangement for a switchgear cabinet, and a corresponding method
29 10,517,193 T Regulation method for an electrical enclosure cooling device
30 D868,560 T Door handle for switchgear cabinets
31 10,483,724 T Panel holder for fastening a panel to a housing frame of a switchgear cabinet, and corresponding switchgear cabinet
32 10,415,807 T Electronic device for installing in a switch cabinet, which electronic device has a first and a second fastener
33 10,398,064 T Cooling arrangement for air conditioning an it environment and especially for climate control in a data processing center
34 10,396,531 T Frame profile for a frame rack of a switch cabinet, and a corresponding frame rack
35 10,375,860 T Heat exchanger for cooling a switch cabinet and corresponding cooling arrangement
36 10,374,396 T Assembly for the touch-proof contacting of a bus bar system
37 10,335,869 T Device for machining a planar workpiece and corresponding method
38 10,309,127 T Door lock mechanism for actuation of the locking slide of a disconnector on a control box, and a corresponding control box arrangement
39 10,292,303 T Cooling unit for cooling the air admitted to the interior of a switchgear cabinet, and a corresponding switchgear cabinet arrangement
40 10,283,946 T Switch cabinet with a combination cable and air channel
41 10,277,014 T Profiled frame of a frame structure for an electrical enclosure or a distribution cabinet
42 10,260,771 T Control cabinet cooling device with a condensate separator
43 10,250,017 T Adapter for contacting a circuit breaker to a busbar system
44 10,207,377 T Device for machining a planar workpiece
45 10,206,311 T Cooling circuit system, in particular to be used in a data center, and controlling method thereof
46 10,201,107 T Cabinet system
47 10,172,259 T Method and apparatus for regulating a cooling device fitted to a switchgear cabinet
48 10,090,651 T Mounting frame for a switchgear cabinet or a rack
49 10,076,060 T Cooling device, in particular for cooling components housed in a switchgear cabinet, corresponding use and corresponding method
50 D827,182 T Lighting apparatus
