Welcome to V V Kay Marine. ....Celebrating 14<sup>th</sup> Glorious Year....

Greetings!

Thanks for visiting our web site.

Since V V Kay's incorporation in 2005, we have consistently devoted ourselves to provide the quality services for the Marine Electronics, Navigation, Communication & Automation equipment to the vessels calling at Indian Ports. In order to serve up to the customers' satisfaction, which is our motto, we have been constantly improving ourselves and striving hard to provide the best & reliable services. To achieve this we train our engineers at Original Equipment Manufacturers' (OEMs') premises always. We update/educate ourselves and also our engineers regularly to keep abreast with the regulating needs of the marine industry. With total expertise & experience backed by the latest technology, we offer the following services to the Marine Industry and also to vessels calling the ports of India to the fullest satisfaction of the Owners/Attending Superintendents/Classification Societies/Ship staff.

- Integrating Solutions
- Sales & Service providers for the Marine Electronics, Navigation, Communication & Automation Equipment.
- Radio Survey
- Ship Repairs & Sales/servicing of Life Saving Equipment
- Shipping Agency
- Calibration

Not restricting only to Indian waters, we are inching towards the global market offering our services in the overseas ports having established our offices in Singapore which is the marine hub for the South East Asian countries. We, at V V Kay, have managed to achieve valuable clientele within this short span of time by responding quickly to their needs as we honestly value their time.

With **QUALITY** as our foundation and a High Challenging Spirit is our pillars, we move forward to deliver highest performance, reliable and time bound services. We strive to respond & to meet our customers' meticulous expectations, as well as satisfying our own desire to offer the best; we are united in the aim of contributing to mutual growth and progress.

V V Kay will always endeavour to provide safe navigation of ships by providing the most efficient services & solutions for all the needs of the customers.

Thank you once again,

V V Kay Team
