

SUCCESS BUILT ON SUBSTANCE AND SUSTAINABILITY.

Since 1958, our passion for developing and implementing even better technical solutions has been the engine that drives the successful development of our company. For us, understanding and meeting the challenges and needs of our customers and respecting the environment form the heart of our worldwide activities.

As a technology enterprise, SCHÜTZ's core competence lies in processing metal and plastic. At our headquarters in Selters and all the global sites of the international SCHÜTZ Group, we are committed to the development, production and sale of innovative products and patented manufacturing methods. Our strategy is to master the technologies we use ourselves in depth and down to the finest detail.

7,000

EMPLOYEES

2,500

MILLION EURO TURNOVER

PACKAGING SYSTEMS

As a leading international producer of industrial packaging we offer a comprehensive portfolio of IBCs and drums. Our smart products and services help our customers to keep their supply chains economic and eco-friendly.

more

INDUSTRIAL SERVICES

The backbone of our company is our competence in tool, machine and equipment building. Our customers benefit from this comprehensive technological know-how through our Steel Service Centre and SMP-fluorination.

more

COMPOSITES

Under the CORMASTER® brand, the company has for more than three decades produced lightweight honeycomb materials and fibre composites, which are used in a wide range of applications, including the aerospace industry.
