STRATEGIC REPORT
FOR THE YEAR ENDED 31 DECEMBER 2021

PRINCIPAL ACTIVITIES

The Association is principally engaged in the promoting and undertaking of scientific research in aerodynamics and in particular in the operation and maintenance of wind tunnels, laboratories and model manufacturing workshops and in the development and use of Computational Fluid Dynamics. The work is carried out at Manton Lane, Bedford.

These activities have continued and remain unchanged during the year.

BUSINESS REVIEW

Gross income for the year amounted to £12,454,611 (2020: £14,018,479). There was a profit for the year amounting to £1,117,461 (2020: £1,733,370).

Demand throughout 2021 was strong, and a significant amount of work for 2022 under contract as at the Balance Sheet date.

The Association continues to have a mix of income streams from commercial customers worldwide and grant funded projects (primarily EU) for further capability enhancement and fundamental research and technology projects, applicable to the aerospace industry.

In the year the Association received Research and Development tax credits (RDEC) for the year ended December 2019 (which had been accrued for in 2020) and the RDEC relating to 2020 which was also paid in 2021. The Association has continued to invest in Research and Development throughout 2021 and into 2022.

During the year the Association continued to invest in plant, equipment and capability which result in the capability enhancement and modernisation of some business critical equipment. It continued to invest in and internally fund activity to develop new or enhanced processes and capabilities, and further develop research techniques, tools and models.

AIRCRAFT RESEARCH ASSOCIATION LIMITED
(A Company Limited by Guarantee)

STRATEGIC REPORT (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2021

PRINCIPAL RISKS AND UNCERTAINTIES

The Association uses various financial instruments. These include cash, cash equivalents and various items, such as debtors and trade creditors, that arise directly from its operations. The main purpose of these financial instruments is to raise finance for the Association's operations.

The existence of these financial instruments exposes the Association to a number of financial risks, which are described in more detail below.

The main risks arising from the Associations financial instruments are market risk, cash flow interest rate risk, credit risk and liquidity risk. The Members of Council review and agree policies for managing each these risks and they are summarised below.

Market risk: Market risk for the Association encompasses two types of risk: currency risk and fair value interest rate risk. The Association's policy for managing fair value interest rate risk and are set out in the point entitled "interest rate risk" below.

Currency risk: The Association is on occasion exposed to transaction foreign exchange risk on some activities for overseas customers. This risk will be mitigated through agreements with customers and through appropriate hedging.

Interest rate risk: The Association is exposed to minimal interest rate risk as it routinely chooses to finance its operations through retained surplus.

Credit risk: The Association's principal financial assets are cash and trade debtors. The credit risk associated with cash is limited. The principal credit risk therefore arises from its trade debtors.

All significant customers are major aerospace corporations and any regarded as giving rise to potential risk are routinely requested to provide advance payments ahead of any work. In addition, the credit control function also reviews debtor balances on a regular basis.

Liquidity risk: The Association seeks to manage liquidity risk by ensuring adequate cash flow is available to meet foreseeable needs and to invest cash assets safely and profitably.

The Association policy throughout the year has been to ensure continuity of funding by ensuring suitable cash balances are maintained or available on demand from the ultimate parent undertaking.

FINANCIAL KEY PERFORMANCE INDICATORS

The Members of Council recognise the need to monitor performance against agreed Key Performance Indicators ("KPIs"). Targets were established for achievement during 2020 in respect of order book, income, trading margin and cash.

Performance of KPIs in the year: revenue, increase, diversification of income, stable, capital investment, stable.

AIRCRAFT RESEARCH ASSOCIATION LIMITED
(A Company Limited by Guarantee)

STRATEGIC REPORT (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2021

GOING CONCERN

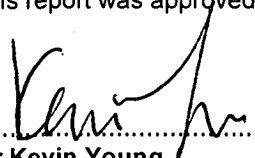

The Members of Council have reasonable expectation, taking full account of the five-year Business Plan and Financial Strategy, that the Association has adequate financial resources to continue its operational existence for the foreseeable future.

The Members of Council recognise that changes to the UK's electricity pricing structure are a threat and are taking steps to adjust the business accordingly. Energy prices towards the end of 2021 and into 2022 are also a threat but one that is expected to be manageable.

The COVID-19 pandemic in 2020/2021 had minimal impact on the Association.

For these reasons they continue to adopt the going concern basis in preparing the financial statements.

This report was approved by the Members of Council and signed on their behalf.

AIRCRAFT RESEARCH ASSOCIATION LIMITED
(A Company Limited by Guarantee)

MEMBERS' REPORT
FOR THE YEAR ENDED 31 DECEMBER 2021

The Members of Council present their report and the financial statements for the year ended 31 December 2021.

MEMBERS OF COUNCIL'S RESPONSIBILITIES STATEMENT

The Members of Council are responsible for preparing the Strategic Report, the Members' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Members of Council to prepare financial statements for each financial year. Under that law the Members have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the Members must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the Members are required to:

- select suitable accounting policies for the Company's financial statements and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Members of Council are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RESULTS

The profit for the year, after taxation, amounted to £1,117,461 (2020 - £1,733,370).

MEMBERS OF COUNCIL

The Members of Council who served during the year were:

Mr John David Dunn
Mr Steven Harding
Mr Christopher Stephen Job
Mr Kevin Young
Mr N Ashfield (Appointed 11 April 2022)

FUTURE DEVELOPMENTS

The Association's 2022 plans include the continuation of a number of major projects started in previous years as well as new investment in people, plant and equipment to sustain its future viability.

AIRCRAFT RESEARCH ASSOCIATION LIMITED
(A Company Limited by Guarantee)

MEMBERS' REPORT (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2021

TANGIBLE FIXED ASSETS

The tangible fixed assets of the Association, with the exception of freehold land, had been revalued at current prices up to 31 December 1999. The valuations and corresponding adjusted depreciation charges have been frozen at that date and treated as the deemed cost under the transition exemptions for Financial Reporting Standard 102. Subsequent fixed asset additions have been capitalised in the accounts at cost and depreciation charged accordingly.

Freehold land was carried at historical cost of £20,276 until 31 December 2016. The Members of Council were of the opinion that land should be carried at valuation from 2017 since in aggregate the market value of freehold land is appreciably in excess of the cost. A professional valuation was carried out at the end of 2017 and reviewed at the balance sheet date.

DISCLOSURE OF INFORMATION TO AUDITOR

Each of the persons who are Members of Council at the time when this Members' Report is approved has confirmed that:

- so far as that Member of Council is aware, there is no relevant audit information of which the Company's auditor is unaware, and
- that Member of Council has taken all the steps that ought to have been taken as a Member in order to be aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

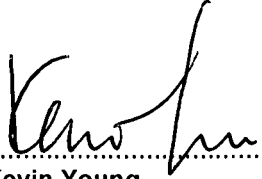

POST BALANCE SHEET EVENTS

There have been no significant events affecting the Association since year end.

AUDITOR

The auditor, MHA MacIntyre Hudson, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

This report was approved by the Members of Council and signed on its behalf.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF AIRCRAFT RESEARCH ASSOCIATION LIMITED

OPINION

We have audited the financial statements of Aircraft Research Association Limited (the 'Company') for the year ended 31 December 2021, which comprise the Statement of Comprehensive Income, the Balance Sheet, the Statement of Cash Flows, the Statement of Changes in Equity and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2021 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

BASIS FOR OPINION

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

CONCLUSIONS RELATING TO GOING CONCERN

In auditing the financial statements, we have concluded that the Members' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Members with respect to going concern are described in the relevant sections of this report.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF AIRCRAFT RESEARCH ASSOCIATION LIMITED (CONTINUED)

OTHER INFORMATION

The other information comprises the information included in the Annual Report other than the financial statements and our Auditor's Report thereon. The Members are responsible for the other information contained within the Annual Report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

OPINION ON OTHER MATTERS PRESCRIBED BY THE COMPANIES ACT 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and the Members' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and the Members' Report have been prepared in accordance with applicable legal requirements.

MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report or the Members' Report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Members' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

AIRCRAFT RESEARCH ASSOCIATION LIMITED
(A Company Limited by Guarantee)

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF AIRCRAFT RESEARCH ASSOCIATION LIMITED (CONTINUED)

RESPONSIBILITIES OF MEMBERS

As explained more fully in the Members' Responsibilities Statement set out on page 4, the Members are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Members determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Members are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Members either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- Enquiry of management around actual and potential litigation and claims;
- Performing audit work over the risk of management override of controls, including testing of journal entries and other adjustments for appropriateness, evaluating the business rationale of significant transactions outside the normal course of business and review of accounting estimates for bias;
- Reviewing minutes of meetings of those charged with governance;
- Reviewing financial statement disclosures and testing supporting documentation to assess compliance with applicable laws and regulations.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. The risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

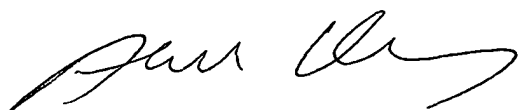

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditor's Report.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF AIRCRAFT RESEARCH ASSOCIATION LIMITED (CONTINUED)

USE OF OUR REPORT

This report is made solely to the Company's Members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's Members those matters we are required to state to them in an Auditor's Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's Members, as a body, for our audit work, for this report, or for the opinions we have formed.

AIRCRAFT RESEARCH ASSOCIATION LIMITED
(A Company Limited by Guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

1. ACCOUNTING POLICIES

1.1 STATEMENT OF COMPLIANCE

The financial statements of Aircraft Research Association Limited have been prepared in compliance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland".

1.2 BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The Association is a Company Limited by Guarantee and is incorporated in England and Wales and domiciled in England. The address of the registered office and principal place of business is Manton Lane, Bedford, MK41 7PF.

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies (see note 2).

1.3 REVENUE RECOGNITION

The Association distinguishes between long-term and short-term contracts. A long-term contract is one where the time taken to complete the contract activity substantially falls into different accounting periods. This definition requires contracts with duration of less than one year to be accounted for as a long-term contract if they are sufficiently material to the activities of the period that failure to record sales and margin on them would result in the accounts not giving a true and fair view. Contracts that do not fall into the long-term definition are short-term.

In order to ensure that the financial statements provide a true and fair view of the trading within the business units, sales of goods and the provision of services in respect of long-term contracts are recognised in the income statement on a periodic basis; based on the value of work completed in the period. Recognition of work completed is only taken into account once full contract cover has been provided by the customer or a formal authority to proceed has been issued. Most long-term contracts have a trading plan aimed at providing a neutral cashflow throughout their duration. Sales in respect of short-term contracts are recognised and recorded within the month of activity and are normally invoiced in that period.

Reported revenues are monitored on a monthly basis to ensure that they do not exceed the contract limit of liability and that they reflect fairly the progress made in the work completed relative to the contract value. Accrued sales are capped to the limit of liability where project costs overrun.

AIRCRAFT RESEARCH ASSOCIATION LIMITED
(A Company Limited by Guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

1. ACCOUNTING POLICIES (CONTINUED)

1.4 GOING CONCERN

The financial statements have been prepared on a going concern basis. The Directors have considered relevant information, including the annual budget, future cash flows and the impact of subsequent events in making their assessment.

The Members of Council recognise that changes to the UK's electricity pricing structure are a threat and are taking steps to adjust the business accordingly. Energy prices towards the end of 2021 and into 2022 are also a threat but one that is expected to be manageable.

The COVID-19 pandemic in 2020/2021 had minimal impact on the Association.

Based on these assessments and having regard to the resources available to the entity, the Directors have concluded that there is no material uncertainty and that they can continue to adopt the going concern basis in preparing the annual report and accounts.

1.5 RESEARCH AND DEVELOPMENT

The Association undertakes research and development activities, either on its own behalf or on the behalf of customers, as part of its core activities. Research and development expenditure is written off as incurred and charged to the Statement of Comprehensive Income.

1.6 GOVERNMENT GRANTS

Grants are accounted under the accruals model as permitted by FRS 102. Grants relating to expenditure on tangible fixed assets are credited to the Statement of Comprehensive Income at the same rate as the depreciation on the assets to which the grant relates. The deferred element of grants is included in creditors as deferred income.

Grants of a revenue nature are recognised in the Statement of Comprehensive Income in the same period as the related expenditure.

1.7 INTANGIBLE FIXED ASSETS AND AMORTISATION

Intangible assets comprise computer software and licenses and are stated at cost less accumulated amortisation to write off the cost in equal installments over their estimated useful lives. They are amortised over two to ten years, being the period over which it is believed they will generate revenue.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

1. ACCOUNTING POLICIES (CONTINUED)

1.8 TANGIBLE FIXED ASSETS AND DEPRECIATION

Tangible fixed assets, other than freehold land, are stated at cost or valuation less depreciation. Depreciation on tangible fixed assets is provided at rates calculated to write off the cost or valuation of those assets, less their estimated residual value, on a straight line basis over their expected useful lives on the following bases:

| | | |
|---|---|--------------|
| Freehold property and fittings | - | 2% - 20% |
| Plant and machinery (tunnels and equipment) | - | 3.5% - 33.3% |
| Motor vehicles | - | 33.3% |

Assets under construction relate to those assets that are yet to be completed and are not fully operational to generate economic benefit. No depreciation is therefore recognised on such assets.

The Association elected to use the previous UK GAAP valuation of certain tangible fixed assets as the deemed cost on transition to FRS102. The items are being depreciated from the date of transition, 1 January 2014, in accordance with the above accounting policy.

1.9 FREEHOLD LAND

Freehold land is carried at fair value at the date of the revaluation less any subsequent accumulated impairment losses. Revaluations are undertaken with sufficient regularity to ensure the carrying amount does not differ materially from that which would be determined using fair value at the Balance Sheet date. Fair values are determined from market based evidence undertaken by professionally qualified valuers. No depreciation is provided on freehold land. Changes in fair value are treated as unrealised surpluses on revaluation and reflected as Other Comprehensive Income in the Statement of Comprehensive Income.

1.10 OPERATING LEASES

Rentals paid under operating leases are charged to the Statement of Comprehensive Income on a straight line basis over the period of the lease.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the period until the date the rent is expected to be adjusted to the prevailing market rate.

1.11 IMPAIRMENT OF FIXED ASSETS

Assets that are subject to depreciation or amortisation are assessed at each balance sheet date to determine whether there is any indication that the assets are impaired. Where there is any indication that an asset may be impaired, the carrying value of the asset (or cash-generating unit to which the asset has been allocated) is tested for impairment. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's (or CGU's) fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows. Non-financial assets that have been previously impaired are reviewed at each balance sheet date to assess whether there is any indication that the impairment losses recognised in prior periods may no longer exist or may have decreased.

AIRCRAFT RESEARCH ASSOCIATION LIMITED
(A Company Limited by Guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

1. ACCOUNTING POLICIES (CONTINUED)

1.12 STOCKS

Stocks are stated at the lower of cost and net realisable value.

1.13 DEBTORS

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

1.14 CASH AND CASH EQUIVALENTS

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Statement of Cash Flows, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Company's cash management.

1.15 FINANCIAL INSTRUMENTS

The Association only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable, loans from banks and other third parties, loans to related parties.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade payables or receivables, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration, expected to be paid or received. However if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or financed at a rate of interest that is not a market rate or in case of an out-right short-term loan not at market rate, the financial asset or liability is measured, initially, at the present value of the future cash flow discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of Comprehensive Income.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate, which is an approximation of the amount that the Association would receive for the asset if it were to be sold at the Balance Sheet date.

AIRCRAFT RESEARCH ASSOCIATION LIMITED
(A Company Limited by Guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

1. ACCOUNTING POLICIES (CONTINUED)

Financial assets and liabilities are offset and the net amount reported in the Balance Sheet when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Derivatives, including interest rate swaps and forward foreign exchange contracts, are not basic financial instruments. Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value. Changes in the fair value of derivatives are recognised in the Statement of Comprehensive Income in finance costs or income as appropriate. The company does not currently apply hedge accounting for interest rate and foreign exchange derivatives.

1.16 CREDITORS

Short-term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

1.17 FOREIGN CURRENCY TRANSLATION

Functional and presentation currency

The Company's functional and presentational currency is GBP.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss except when deferred in other comprehensive income as qualifying cash flow hedges.

1.18 FINANCE COSTS

Finance costs are charged to profit or loss over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

AIRCRAFT RESEARCH ASSOCIATION LIMITED
(A Company Limited by Guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

1. ACCOUNTING POLICIES (CONTINUED)

1.19 PENSIONS

Defined contribution pension plan

The Association operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Association pays fixed contributions into a separate entity. Once the contributions have been paid the Association has no further payment obligations.

The contributions are recognised as an expense in the Statement of Comprehensive Income when they fall due. Amounts not paid are shown in accruals as a liability in the Balance Sheet. The assets of the plan are held separately from the Association in independently administered funds.

1.20 OTHER SHORT TERM EMPLOYEE BENEFITS

Short term employee benefits, including holiday pay and other similar non-monetary benefits, are recognised as an expense in the Statement of Comprehensive Income in the period in which the benefit is accrued.

1.21 INTEREST INCOME

Interest income is recognised in profit or loss using the effective interest method.

1.22 BORROWING COSTS

All borrowing costs are recognised in profit or loss in the year in which they are incurred.

1.23 PROVISIONS FOR LIABILITIES

Provisions are made where an event has taken place that gives the Association a legal or constructive obligation that probably requires settlement by a transfer of economic benefit, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to the Statement of Comprehensive Income in the year that the Association becomes aware of the obligation, and are measured at the best estimate at the Balance Sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance Sheet.

AIRCRAFT RESEARCH ASSOCIATION LIMITED
(A Company Limited by Guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

1. ACCOUNTING POLICIES (CONTINUED)

1.24 TAXATION

Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Association operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Research and Development Credits (RDEC) are recognised in the year in which the claim is submitted and where the Association is reasonably assured that receipt will be granted. Recoverable tax assets arising on corporation tax which has been deducted from the RDEC claims have not been recognised in the financial statements on the grounds that recoverability depends upon sufficient taxable profits in future periods.

1.25 EXCEPTIONAL ITEMS

Exceptional items are transactions that fall within the ordinary activities of the Association but are presented separately due to their size or incidence.

1.26 RESEARCH AND DEVELOPMENT

In the research phase of an internal project it is not possible to demonstrate that the project will generate future economic benefits and hence all expenditure on research shall be recognised as an expense when it is incurred. Intangible assets are recognised from the development phase of a project if and only if certain specific criteria are met in order to demonstrate the asset will generate probable future economic benefits and that its cost can be reliably measured. The capitalised development costs are subsequently amortised on a straight line basis over their useful economic lives, which range from 3 to 6 years.

If it is not possible to distinguish between the research phase and the development phase of an internal project, the expenditure is treated as if it were all incurred in the research phase only.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

2. JUDGMENTS IN APPLYING ACCOUNTING POLICIES AND KEY SOURCES OF ESTIMATION
UNCERTAINTY

The preparation of financial statements in accordance with FRS102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Key accounting estimates and assumptions

The Association makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have the most significant potential impact upon the carrying values of assets and liabilities within the next financial year as as follows:

- i) *Revenue recognition on long term contracts*
Revenue is recognised on projects based on percentage completion estimated by reference of actual cost to forecast cost of completion. The value recognised as Amounts Recoverable on Contracts as at 31 December 2021 was £1,455,177 (2020: £1,729,288). Monies received in advance are treated as payments on account and amount to £3,739,595 as at 31 December 2021 (2020: £5,676,880).
- ii) *Useful economic lives of tangible fixed assets*
The useful economic lives used by the Association in respect of tangible fixed assets are set out in the accounting policies. These estimates are the best estimate based on past experience and expected performance and are regularly reviewed to ensure they remain appropriate. The net book value of tangible fixed assets as at 31 December 2021 was £6,145,218 (2020: £6,411,621) after a depreciation charge in the period of £1,066,865 (2020: £1,066,865).

8. TAXATION

| | 2021 £ | 2020 £ |
|-------------------------------------|-----------------------|----------------|
| CORPORATION TAX | | |
| Current tax on profits for the year | 288,990 | 266,769 |
| | <u>288,990</u> | <u>266,769</u> |
| TOTAL CURRENT TAX | <u>288,990</u> | <u>266,769</u> |

FACTORS AFFECTING TAX CHARGE FOR THE YEAR

The tax assessed for the year is lower than (2020 - higher than) the standard rate of corporation tax in the UK of 19% (2020 - 19%). The differences are explained below:

| | 2021 £ | 2020 £ |
|--|-------------------------|------------------|
| Profit on ordinary activities before tax | <u>1,406,451</u> | <u>2,000,139</u> |
| Profit on ordinary activities multiplied by standard rate of corporation tax in the UK of 19% (2020 - 19%) | 267,226 | 380,026 |
| EFFECTS OF: | | |
| Expenses not deductible for tax purposes, other than goodwill amortisation and impairment | 22,693 | 29,775 |
| Capital allowances for year in excess of depreciation | (171,444) | (257,204) |
| Tax deducted at source on REC amounts | 288,990 | 266,768 |
| Unrelieved tax losses carried forward | (118,475) | (152,596) |
| TOTAL TAX CHARGE FOR THE YEAR | <u>288,990</u> | <u>266,769</u> |

AIRCRAFT RESEARCH ASSOCIATION LIMITED
(A Company Limited by Guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

8. TAXATION (CONTINUED)

FACTORS THAT MAY AFFECT FUTURE TAX CHARGES

At the balance sheet date there are deferred tax assets of £1,904,636 and £263,381 (2020: £1,667,437 and £843,417), arising on taxable losses carried forward and future capital allowances, which have not been recognised in the financial statements on the grounds that recoverability is not certain in the foreseeable future and relies upon sufficient taxable profits in future periods.

A tax charge of £288,990 (2020: £266,768) has been deducted at source from Research and Development credits but is available to carry forward against future profits. The total tax recoverable asset of £1,232,010 (2020: £2,010,116) has not been recognised due to the uncertainty of future profitability and the considerable time in which it will take for the charge to unwind.

9. EXCEPTIONAL ITEMS

| | 2021 £ | 2020 £ |
|--------------------------------|------------------|------------------|
| RDEC Claim | 1,489,472 | 1,404,046 |
| Professional Fees | (27,917) | (24,663) |
| Costs Associated with COVID-19 | - | (234,391) |
| | <u>1,461,555</u> | <u>1,144,992</u> |

During the year the Association has accrued for Research and Development tax credits (RDEC) receivable for the year ended 31 December 2021. The gross amount of the RDEC claim amounted to £1,489,472 (2020: £1,404,046) and has been treated as an exceptional income in the Statement of Comprehensive Income. Corporation tax was deducted at source from these credits and is available to carry forward to offset against future corporation tax liabilities. This is further explained in note 8.

AIRCRAFT RESEARCH ASSOCIATION LIMITED
(A Company Limited by Guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

10. INTANGIBLE ASSETS

| | Assets under construction £ | Computer software £ | Total £ |
|-------------------------------------|--|------------------------------------|--------------------|
| COST | | | |
| At 1 January 2021 | 207,950 | 182,614 | 390,564 |
| Additions | - | 20,505 | 20,505 |
| At 31 December 2021 | <u>207,950</u> | <u>203,119</u> | <u>411,069</u> |
| AMORTISATION | | | |
| At 1 January 2021 | 207,949 | 99,693 | 307,642 |
| Charge for the year on owned assets | - | 15,311 | 15,311 |
| At 31 December 2021 | <u>207,949</u> | <u>115,004</u> | <u>322,953</u> |
| NET BOOK VALUE | | | |
| At 31 December 2021 | <u>1</u> | <u>88,115</u> | <u>88,116</u> |
| At 31 December 2020 | <u>1</u> | <u>82,921</u> | <u>82,922</u> |

Assets under construction relate to the internal development a software programme that is yet to be completed. As part of a routine impairment review in a previous year, the Association has written down the value of this intangible asset to £1 based on uncertainty over its future value.

The amortisation charge for the period is included within administrative expenses on the Statement of Comprehensive Income.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

11. TANGIBLE FIXED ASSETS (CONTINUED)

Freehold property relates wholly to buildings owned by the Association.

Freehold land was transferred at its original cost from freehold property during 2017 and is reflected as a separate class of asset. The land has been revalued to its fair value at the balance sheet date. The valuation was carried out in 2017 by professional valuers, Savills (UK) Limited and was prepared on the assumption that the site has been cleared of all buildings with mains services capped and is available with vacant possession. An estimate of the demolition costs has also been assessed by the valuers and these have been deducted from the valuation to give the fair value of £985,000 as disclosed in the financial statements. The Members are of the opinion that the valuation is still appropriate as at 31 December 2020.

With the exception of freehold land as described above, other fixed assets had been revalued at current prices up to 31 December 1999. The valuations and corresponding adjusted depreciation charges have been frozen at that date and treated as the deemed under the transition exemptions for Financial Reporting Standard 102. Subsequent fixed asset additions have been capitalised in the accounts at cost and depreciation charged accordingly.

Assets under construction relate to those assets that are yet to be completed and are not fully operational to generate economic benefit.

Included in the net book value of plant and machinery are assets which are have been acquired on hire purchase agreements with a net book value of £456,094 (2020: £524,938).

| | 496,084 | 976,829 |
| | 2,760,901 | 3,174,158 |

The amounts due to related party is in respect of a settlement agreement with BAE Systems plc. During 2017, the Association transferred its defined benefit pension scheme liability to BAE Systems plc. In return, the Association agreed to repay the sum of £5,000,000 in the form of an unsecured interest free settlement payable in equal instalments over 10 years, with the first instalment paid in early 2019.

A settlement value of £4,254,239 was determined by calculating the present value of the future payments discounted at a market rate of 3.05%. The market rate used is based on the interest rate charged on a similar loan.

The difference of £745,761 arising on initial recognition of the settlement has been included as a capital contribution.

As at 31 December 2021 an amount of £2,760,901 (2020: £3,174,158) was due to BAE Systems plc relating to the settlement agreement.

The amounts due in respect of the settlement are partly secured on the freehold land owned by the Association.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

18. HIRE PURCHASE AND FINANCE LEASES

| | 2021 £ | 2020 £ |
|-------------------|----------------|----------------|
| Within one year | 137,076 | 137,903 |
| Between 1-5 years | 84,533 | 220,802 |
| | <u>221,609</u> | <u>358,705</u> |

19. RESERVES

Revaluation reserve

The original Revaluation Reserve arose on the historic revaluation of certain fixed assets in 1999, predominantly buildings and plant and machinery. This valuation has been adopted as the deemed cost on conversion to Financial Reporting Standard 102 and the reserve is being unwound against the appropriate depreciation on the assets concerned. At the balance sheet date the amount included in the Revaluation Reserve against these assets amounted to £357,354 (2020: £371,480).

In a previous year the freehold land was classified as a separate class of asset and revalued to its fair value at the balance sheet date. There has been no change to the value in the year. The amount included in the Revaluation Reserve in respect of freehold land amounted to £964,724 (2020: £964,724).

Other reserves

Included in the Capital Reserve balance is £1,814,765 which represents capital contributions made by the founding Members upon incorporation of the Association. The remaining balance of £325,842 represents a capital contribution by the controlling party of £745,761 less a notional interest charge of £419,919. This arose in a previous year when the Association entered into a settlement agreement with its controlling party. The amount of the settlement was interest free and has been reflected in the financial statements at the present value of future payments discounted at a market rate of interest. This amount is being unwound against the notional interest charge calculated over the repayment period of 10 years.

Profit and loss account

The profit and loss account reserve represents retained earnings for future re-investment within the Association.

20. COMPANY STATUS

The Association is a private company limited by guarantee and consequently does not have share capital. Each of the members is liable to contribute an amount not exceeding £5 per member towards the assets of the Association in the event of liquidation during their membership or within one year afterwards.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

21. CAPITAL COMMITMENTS

The Company did not have any outstanding capital commitments as at 31 December 2021 (2020: £Nil).

22. PENSION COMMITMENTS

During the year the Company made contributions of £401,241 (2020: £401,038) to a defined contribution pension scheme in respect of its staff and Directors.

The assets of the scheme are held separately from those of the Company in an independently administered fund. The Company has no liability to the scheme other than the contributions due. There were £49,264 (2020: £47,709) of outstanding contributions at year end.

23. COMMITMENTS UNDER OPERATING LEASES

At 31 December 2021 the Company had future minimum lease payments due under non-cancellable operating leases for each of the following periods:

| | 2021 £ | 2020 £ |
|--|---------------|---------------|
| Not later than 1 year | 12,256 | 12,256 |
| Later than 1 year and not later than 5 years | 12,256 | 24,512 |
| | <u>24,512</u> | <u>36,768</u> |

24. RELATED PARTY TRANSACTIONS

During the year, the Association made sales of £709,994 (2020: £4,330,611) to BAE Systems Plc, a member of the Association.

During 2017 the pension liability due from the Association transferred to BAE Systems plc in exchange for a settlement of £5,000,000. This amount has been discounted in the financial statements as fully disclosed in note 17 to the financial statements. The total outstanding amount due to BAE Systems plc as at 31 December 2021, as reflected in note 17, amounted to £2,760,901 (2020: £3,174,158).

All trading with members is on normal commercial terms in the course of the principal activities of the Association.

25. CONTROLLING PARTY

The ultimate parent undertaking is BAE Systems plc which is incorporated in England and Wales.

The consolidated financial statements of BAE Systems plc can be obtained from Companies House.
