Item 5. Describe the Issuer's Business, Products and Services.

Business Overview

VizConnect, Inc. operates as a consulting firm specializing in assisting companies by providing first class business development consulting. The Company's portfolio of services encompasses a robust and innovative array of services, which include real estate acquisition, equity building, debt removal, revenue generation and asset acquirement. The Company's experienced team is driven to help customers increase value; maximize existing capabilities; improve shareholder performance and profitability; increase cost efficiency; and simplify business strategy.

Current Operations

The Company recently emerged as a re-branded business services company targeting certain industries identified by the Company's management as offering exceptional future growth.

- Invest in Healthcare technologies, Online Pharmacies, Pharmaceutical Manufacturing, Abbreviated New Drug Application (ANDA) acquisitions and IT Healthcare Solutions.
- Take advantage of the explosive growth in the CBD Industrial Hemp Agricultural Market and its integrated supply chain.
- Emerging technologies in Artificial Intelligence (AI), Machine Learning (ML) and Deep Learning (DL).
- Disruptive technologies in Fintech and Digital Currencies.

The Company has begun to implement, and obtain funding for, its diversified three phase strategic investment roadmap:

Phase One	Launch a Pharmaceutical Manufacturing and Distribution Company.
Phase Two	With available capital, if any, launch ANDA and Hemp programs.
Phase Three	With available capital, if any, further build out and scale the ANDA and Hemp programs and their respective vertically integrated supply chain markets.

With available capital, if any, the Company intends to invest in an immediate opportunity to private label products to launch a Pharmaceutical Manufacturing Company. This would position the Company to move toward a possible ANDA acquisition in the near future.

The planned Pharmaceutical Manufacturing Company would be developed, as follows:

- Pharmaceutical Manufacturing and Distribution framework built out.
- Identify products and manufacturers for the best private label opportunities.
- Asset Inventory procurement of selected Manufactured Product.
- B2B sales model to retail pharmacies and wholesale distributors.
- Focus on generic pharmaceutical manufacturing and distribution.
- With adequate growth of the Pharmaceutical Manufacturing Company, the Company would pursue a parallel ANDA procurement project initiative to identify and purchase an ANDA.

Should the Company obtain approximately $1,250,000, it intends to invest in the ANDA and the hemp agricultural supply chain industry sectors. In order to diversify its portfolio, scale and maximize revenue, the Company would, then, look to invest in the following strategic initiatives:

- ANDA program launch.
- Identify product opportunities for procurement.
- Investment Hemp supply chain verticals:
    - Seed Cultivation facilities procurement, equipment and labor.
    - Hemp Farming land procurement, preparation and labor of up to 500 acres.
    - Crop Drying facilities procurement, equipment, set up, engineering and processing.

Should the Company obtain an additional approximately $1,250,000, the Company intends to scale the expansion of the investments made in the first round in the ANDA and the hemp agricultural supply chain industry sectors.

Competition

The business consulting services industry is marked by extreme competition and low barriers to entry. Many of the Company's competitors possess substantially greater resources, financial and otherwise, including name recognition, than does the Company. In addition, it can be expected that the Company will face similar competitive challenges, if and when it enters other industries. There is no assurance that the Company will compete successfully in its chosen industries.

Our company's Board of Directors appoints our executive officers. Our directors serve until the earlier occurrence of the election of their respective successors at the next meeting of shareholders, death, resignation or removal by the Board of Directors. Officers serve at the discretion of our Board of Directors. There exist no family relationships between the listed officers and directors. Certain information regarding the background of our sole officer and director is set forth below.

Paul Cooleen. Mr. Cooleen serves as the Company's President, Acting Chief Financial Officer, Treasurer and Director. Mr. Cooleen has over 20 years of experience as an interdealer broker in the Bond Market. Paul started his Wall Street career in 1987 at ICAP in New York City in the US Government Bond Market and helped build a successful Treasury Bill Desk until 2003. In January 2003, Mr. Cooleen moved his family to Maine and bought a restaurant in the Mid-Coast region. After renovating, staffing, and managing the business for three years, he sold the property and business and re-entered the bond market back in New York. While in New York, Mr. Cooleen started a Mortgage Bond and CDS/ABX Index Desk at BGC Partners, a subsidiary of Cantor Fitzgerald. As the mortgage market began to meltdown and the fail rate of banks began to rise, Mr. Cooleen saw an opportunity to start a desk that would buy bank asset paper from the FDIC and sell it out to the Wall Street Market. Mr. Cooleen has a Bachelor's of Science Degree from Plymouth State University and resides in Falmouth, Maine.

Edward Carroll. Mr. Carroll serves as the Company's Secretary and Director. A 20-year+ veteran of media, Mr. Carroll leverages his video and media savvy to help businesses and entrepreneurs take advantage of video and mobile marketing. As an Associated Press and Emmy award winning on-air personality, Mr. Carroll has appeared on local television newscasts in Boston and throughout New England as well as the CBS Evening News and spent many years producing and appearing in weathercasts, news features and special programs. Mr. Carroll launched his own production company in 2005 developing special marketing pieces for the Cape Cod Chamber of Commerce and Bosse Sports Clubs as well as other web-based videos for smaller companies. Seeing the explosive growth in mobile marketing and the need for businesses to access customers on their mobile devices, Mr. Carroll was instrumental in the architecture of the Company's software platform. Ed received a Bachelor of Science from Plymouth State University in 1986 and makes his home in Longmeadow, Massachusetts.

Thomas Manning. Mr. Manning possesses over 25 years of experience in various industries, including information technology, real estate development, business start-ups and company enterprise platform scaling. Mr. Manning earned a Bachelor's Degree in Finance and a Master's in Business Administration from Bentley College, Waltham, Massachusetts.

Andrew Preston. Mr. Preston possesses over 25 years of experience in various industries, including financial services, mortgage debt investments, commercial real estate acquisition and development. Mr. Preston earned a Bachelor's Degree in Finance from Bentley College, Waltham, Massachusetts.

Item 8. Legal/Disciplinary History.

In the last ten (10) years, no person identified above in *Item 7 Officers, Directors and Control Persons* has been the subject of: (1) a conviction in a criminal proceeding or named as a defendant in a pending criminal proceeding (excluding traffic violations and other minor offenses); (2) the entry of an order, judgment or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities or banking activities; (3) a finding or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, or a state securities regulator of a violation of federal or state securities or commodities law, which finding or judgment has not been reversed, suspended or vacated; or (4) the entry of an order by a self-regulatory organization that permanently or temporarily barred suspended or otherwise limited such person's involvement in any type of business or securities activities.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2020
(unaudited)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND ORGANIZATION

Basis of Presentation

VizConnect, Inc. (the "Company") was incorporated in the State of Nevada on October 15, 2010. The Company's year-end is December 31.

The Company operates as a consulting firm specializing in assisting companies by providing first class business development consulting. The Company's portfolio of services encompasses a robust and innovative array of services, which include real estate acquisition, equity building, debt removal, revenue generation and asset acquirement. The Company's experienced team is driven to help customers increase value; maximize existing capabilities; improve shareholder performance and profitability; increase cost efficiency; and simplify business strategy.

Reverse Split

In September 2015, the Company effected a 1-for-2,500 reverse split of its common stock. Historical information presented in the accompanying financial statements and in these notes has been adjusted to reflect this reverse stock split.

Use of Estimates

In preparing the consolidated financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reported period. Actual results could differ from those estimates. Significant estimates include the determinations of fair values of certain financial instruments.

Cash and Cash Equivalents

The Company considers all highly liquid temporary cash investments with an original maturity of three months or less to be cash equivalents. At December 31, 2020 and 2019, the Company had no cash equivalents.

Revenue Recognition

The Company recognizes revenue on arrangements in accordance with FASB ASC No. 605, "Revenue Recognition". In all cases, revenue is recognized only when the price is fixed and determinable, persuasive evidence of an arrangement exists, the service is performed and collection of the resulting receivable is reasonably assured.

Property and Equipment

Property and equipment is recorded at cost. Additions and betterments are capitalized; maintenance and repairs are expensed as incurred. Depreciation is calculated using the straight-line method over the asset's estimated useful life, which is 5 years for furniture. Depreciation for the years ended December 31, 2020 and 2019, $137 (unaudited) was $304 (unaudited), respectively.

Derivatives

The Company's capital structure includes the use of convertible debt features that are classified as derivative financial instruments. Derivative financial instruments are recognized as either assets or liabilities and are measured at fair value in accordance with FASB ASC 815 "Derivatives and Hedging".

Re-classifications

Certain amounts from prior periods have been reclassified to conform to the current period presentation. These reclassifications had no impact on the Company's net loss or cash flows.

New Accounting Pronouncements

The Company has evaluated recent accounting pronouncements and believes none will have a material effect on its consolidated financial statements upon implementation.

2. GOING CONCERN

The Company had a net loss of $161,525 (unaudited) for the year ended December 31, 2020, an accumulated deficit of $5,537,557 (unaudited) and a working capital deficit of $2,749,220 (unaudited) as of December 31, 2020. This raises substantial doubt about its ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company's ability to raise additional capital. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Management believes that actions presently being taken to obtain additional funding through implementing its newly adopted business plan to expand operations will provide the opportunity for the Company to continue as a going concern.

3. FAIR VALUE OF INSTRUMENTS

The Company's capital structure includes the use of convertible debt features that are classified as derivative financial instruments. Derivative financial instruments are recognized as either assets or liabilities and are measured at fair value in accordance with FASB ASC 815 "Derivatives and Hedging". ASC 815 requires that changes in fair value of derivative financial instruments with no hedging designation be recognized as gains (losses) in the earnings statement. Fair value measurement and disclosures are determined in accordance with FASB ASC 820 "Fair Value Measurements and Disclosures".

FASB ASC 820 establishes a framework for measuring fair value by creating a hierarchy for observable independent market inputs and unobservable market assumptions and expands disclosures about fair value measurements. Considerable judgment may be required in interpreting market data used to develop the estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts that could be realized in a current market exchange. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value.

The following inputs are used in the valuation of the financial assets and liabilities:

Level 1 - Inputs represent unadjusted quoted prices for identical assets and liabilities exchanged in active markets.

Level 2 - Inputs include directly or indirectly observable inputs other than Level 1 inputs such as quoted prices for similar assets or liabilities exchanged in active or inactive markets; quoted prices for identical assets or liabilities exchanged in inactive markets; other inputs that are considered in fair value determinations of the assets or liabilities, such as interest rates or yield curves that are observable at commonly quoted intervals, volatilities, repayment speeds, loss severities, credit risks and default rates; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs include unobservable inputs used in the measurement of assets and liabilities. Management is required to use its own assumptions regarding unobservable inputs, because there is little, if any, market activity in the assets or liabilities or related observable inputs that can be corroborated at the measurement date. Measurements of non-exchange traded derivative contract assets and liabilities are primarily based on valuation models, discounted cash flow models or other valuation techniques that are believed to be used by market participants. Unobservable inputs require management to make certain projections and assumptions about the information that would be used by market participants in pricing assets and liabilities.

4. NOTES PAYABLE - RELATED PARTIES

During 2011, the Company entered into two notes payable for a total of $22,500. The notes have an interest rate of 10%, are unsecured, and due March 15, 2012.
