**STATEMENT OF FINANCIAL POSITION (CONTINUED)**  
**AS AT 31 MARCH 2020**

---

The financial statements have been prepared in accordance with the provisions applicable to companies subject to the small companies regime and in accordance with the provisions of FRS 102 Section 1A - small entities.

The financial statements have been delivered in accordance with the provisions applicable to companies subject to the small companies regime.

The Company has opted not to file the statement of income and retained earnings in accordance with provisions applicable to companies subject to the small companies' regime.

The financial statements were approved and authorised for issue by the board and were signed on its behalf by:

**Mr R M Priddle**  
Director

Date: 2 November 2020

The notes on pages 3 to 13 form part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2020

---

**1. GENERAL INFORMATION**

Artemis Optical Limited is a limited liability company incorporated in England (registered number: 00514290). Its registered office is 1 Western Wood Way, Langage Science Park, Plymouth, Devon, PL7 5BG.

**2. ACCOUNTING POLICIES**

**2.1 BASIS OF PREPARATION OF FINANCIAL STATEMENTS**

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies.

The following principal accounting policies have been applied:

**2.2 GOING CONCERN**

The company made an operating profit of £87,970 in 2020 (2019: loss of £48,802) and a profit before tax of £46,713 (2019: loss of £87,207). At 31 March 2020 net assets were £764,200 (2019: £706,487) and net current assets were £215,344 (2019: £110,099).

The company expects to meet its working capital requirements through a mixture of adequate operating profit and cash generation, in addition to its banking facilities. In order to manage these requirements, the company's revenue forecast and projections are regularly reviewed and updated to reflect any changes in trading performance. Based on key assumptions being met, these forecasts and projections show that the future profits and cash generation are sufficient to enable the company to operate within its working capital requirements and its available banking facilities. After making these enquiries, the directors are confident that the company has adequate resources to continue for the foreseeable future.

The company has also assessed the potential impact of COVID-19 restrictions on the ability of the facility to trade normally and the potential impact of a 10% reduction in forecasted revenue. These projections show that the company expects to be able to meet and discharge its liabilities in the normal course of business, without the requirement to apply for further government aid.

On the basis of the above, the company continues to adopt a going concern basis in preparing its financial statements.

2. ACCOUNTING POLICIES (continued)

2.3 FOREIGN CURRENCY TRANSLATION

**Functional and presentation currency**

The Company's functional and presentational currency is GBP.

**Transactions and balances**

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss except when deferred in other comprehensive income as qualifying cash flow hedges.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the Statement of income and retained earnings within 'finance income or costs'. All other foreign exchange gains and losses are presented in profit or loss within 'other operating income'.

2.4 REVENUE

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

**Sale of goods**

Revenue from the sale of goods is recognised when all of the following conditions are satisfied:

- the Company has transferred the significant risks and rewards of ownership to the buyer;
- the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the Company will receive the consideration due under the transaction; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

**2. ACCOUNTING POLICIES (continued)**

**2.5 OPERATING LEASES: THE COMPANY AS LESSEE**

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the lease term, unless another systematic basis is representative of the time pattern of the lessee's benefit from the use of the leased asset.

The Company has taken advantage of the optional exemption available on transition to FRS 102 which allows lease incentives on leases entered into before the date of transition to the standard 01 April 2018 to continue to be charged over the period to the first market rent review rather than the term of the lease.

**2.6 LEASED ASSETS: THE COMPANY AS LESSEE**

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to profit or loss so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

**2.7 RESEARCH AND DEVELOPMENT**

In the research phase of an internal project it is not possible to demonstrate that the project will generate future economic benefits and hence all expenditure on research shall be recognised as an expense when it is incurred. Intangible assets are recognised from the development phase of a project if and only if certain specific criteria are met in order to demonstrate the asset will generate probable future economic benefits and that its cost can be reliably measured. The capitalised development costs are subsequently amortised on a straight line basis over their useful economic lives.

If it is not possible to distinguish between the research phase and the development phase of an internal project, the expenditure is treated as if it were all incurred in the research phase only.

**2.8 GOVERNMENT GRANTS**

Grants are accounted under the accruals model as permitted by FRS 102. Grants relating to expenditure on tangible fixed assets are credited to profit or loss at the same rate as the depreciation on the assets to which the grant relates. The deferred element of grants is included in creditors as deferred income.

Grants of a revenue nature are recognised in the Statement of income and retained earnings in the same period as the related expenditure.

**2.9 FINANCE COSTS**

Finance costs are charged to profit or loss over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

**2.10 BORROWING COSTS**

All borrowing costs are recognised in profit or loss in the year in which they are incurred.

2. ACCOUNTING POLICIES (continued)

2.11 PENSIONS

**DEFINED CONTRIBUTION PENSION PLAN**

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Statement of financial position. The assets of the plan are held separately from the Company in independently administered funds.

2.12 TAXATION

Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company operates and generates income.

2.13 INTANGIBLE ASSETS

Intangible assets are initially recognised at cost. After recognition, under the cost model, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

All intangible assets are considered to have a finite useful life. If a reliable estimate of the useful life cannot be made, the useful life shall not exceed ten years.

2.14 TANGIBLE FIXED ASSETS

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives.

Depreciation is provided on the following basis:

Long-term leasehold property	-	over the term of the lease
Plant and machinery	-	5% straight line
Fixtures and fittings	-	20% straight line

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2020

---

2. ACCOUNTING POLICIES (continued)

2.15 STOCKS

Stocks are stated at the lower of cost and net realisable value, being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a first in, first out basis. Work in progress and finished goods include labour and attributable overheads.

At each reporting date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in profit or loss.

2.16 FINANCIAL INSTRUMENTS

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or in case of an out-right short-term loan that is not at market rate, the financial asset or liability is measured, initially at the present value of future cash flows discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost, unless it qualifies as a loan from a director in the case of a small company, or a public benefit entity concessionary loan.

3. EMPLOYEES

The average monthly number of employees, including directors, during the year was 25 (2019: 28).

<b>ALLOTTED, CALLED UP AND FULLY PAID</b>		
1,000,000 (2019: 1,000,000) Ordinary shares of £1.00 each	1,000,000	1,000,000
10,000 (2019: 10,000) Deferred ordinary shares of £1.00 each	10,000	10,000
	<u>1,010,000</u>	<u>1,010,000</u>

**12. CONTINGENT LIABILITIES**

An Unlimited Composite Company Guarantee has been given by Artemis Optical Limited and Artemis Optical (Holdings) Limited to secure all liabilities of each other.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2020**

---

**13. PENSION COMMITMENTS**

The Company operates a defined contributions pension scheme. The assets of the scheme are held separately from those of the Company in an independently administered fund. The pension cost charge represents contributions payable by the Company to the fund and amounted to £34,365 (2019: £32,234). Contributions totalling £10,224 (2019: £13,129) were payable to the fund at the reporting date and are included in creditors.

**14. COMMITMENTS UNDER OPERATING LEASES**

At 31 March 2020 the Company had future minimum lease payments under non-cancellable operating leases as follows:

	2020 £	2019 £
Not later than 1 year	124,001	122,572
Later than 1 year and not later than 5 years	305,885	422,676
	<u>429,886</u>	<u>545,248</u>

Included within the above is a commitment of £410,625 (2019: £520,125) relating to Land and Buildings. The per annum charge is £109,500.

**15. DIRECTORS' PERSONAL GUARANTEES**

The company has obtained banking facilities from Lloyds Banking Group, including an overdraft facility of up to £20,000. As part of these facilities, a personal guarantee amounting to £20,000, has been offered by a Director of the company. The company Directors have also offered personal guarantees of up to £125,000 to Lloyds Banking Group in respect of a loan amounting to £72,176 as at the year end.

**16. RELATED PARTY TRANSACTIONS**

As a wholly owned subsidiary undertaking of Artemis Optical (Holdings) Limited, the company has taken advantage of the exemption in Financial Reporting Standard 102 Section 33 "Related party disclosures" in not disclosing intra-group transactions between two or more members of the group.

At 31 March 2020, the company owed £99,743 (2019: £54,861) to their Directors.

During the year the Directors, who are considered the only key management personnel, received remuneration of £109,913 (2019: £103,216).

**17. CONTROLLING PARTY**

The company is controlled by its immediate parent undertaking, Artemis Optical (Holdings) Limited. Artemis Optical (Holdings) Limited is under the control of its Directors.

**18. AUDITORS' INFORMATION**

The auditors' report on the financial statements for the year ended 31 March 2020 was unqualified.

The audit report was signed by Robert Davey FCA (Senior statutory auditor) on behalf of Bishop Fleming LLP.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
