Members' Report For the year ended 31 December 2022

The members present their report and the financial statements of Index Ventures (UK) LLP (the "LLP") for the year ended 31 December 2022.

Principal activities

The principal activity of the LLP during the year ended 31 December 2022 was the provision of advisory services to venture capital and growth funds, which principally invest in technology and life science assets. The LLP identifies potential new investments and advises on acquisitions, management and disposals of these assets.

The LLP is authorised by the Financial Conduct Authority ("FCA") to give investment advice.

Results for the year

The LLP's profit for the year ended 31 December 2022, before members' remuneration and profit share available for discretionary division among members, was £19,279,073 (2021: £15,685,220) as shown in the Statement of Comprehensive Income. The increase to profitability is due to an increase in new commitments, being partly offset by an increase in salary costs.

Profits will be allocated to the members as governed by the Partnership Agreement dated 28 June 2012 and a subsequent Deed of Adherence dated 22 August 2012.

The LLP's Statement of Financial Position shows a satisfactory position with members' other interests amounting to £17,671,187 (2021: £14,716,946).

Future developments

The members do not anticipate any change in the nature of the LLP's principal activity going forward and there are no plans which will significantly change the activities and risks of the LLP.

Principal risks and uncertainties facing the business

The LLP's business is reliant upon its appointment as advisor to various funds, which typically have a life of 10 to 12 years. The funds are permitted to change advisors in accordance with their Limited Partnership Agreements but the members consider this risk to be minimal. Although the income stream is considered to be dependable, the LLP's revenue could be impacted by poor performance of the funds.

The LLP has exposure to foreign exchange risk as income arises in Euro and US Dollar, but the LLP's expense base is in Pounds Sterling. There is no significant exposure to other market risks (price or interest risks), credit risk, liquidity risk or operational risk. The members mitigate the foreign exchange risk by entering into forward foreign exchange contracts to convert Euro and USD, into Pounds Sterling.

Going concern

The Members have undertaken an assessment of the impact of the ongoing conflict between Russia/Ukraine on the ability to continue as a going concern for a period for at least 12 months from the date of approval of these financial statements. The members consider that the Partnership has sufficient liquid cash resources and can maintain sufficient income generating assets under management to cover its costs and to meet its regulatory capital requirement for this period.

In November 2022 Index Origin II was raised with a commitment of \$300.9m from external investors for the new fund. The fund has an initial term of 10 years and generates fees based on commitments for the Index Group over this 10 year period. The raising of this fund brings the assets managed by the Index Group to EUR 3.6 billion plus USD 7.7 billion based on commitments.

Each of the 16 funds managed are closed ended and hence investors are not able to withdraw their investments on a large scale and therefore creating liquidity issues within the funds.

Index Ventures (UK) LLP

Registered number: OC344205

Members' Report (continued)
For the year ended 31 December 2022

Policy with respect to members' drawings and subscriptions and repayments of amount subscribed or otherwise contributed by members

Members are permitted to make drawings in anticipation of profits which will be allocated to them on a discretionary basis. The amount of such drawings is set at the beginning of each financial year, taking into account the anticipated cash needs of the LLP. The profit allocation that remains undrawn at the end of the financial year is able to be drawn by the members in the following financial year.

New members are required to subscribe a minimum level of capital and in subsequent years members are invited to subscribe for further capital, the amounts of which is determined by the performance and seniority of those members. On retirement, capital is repaid to members.

Members

The members of the LLP during the year ended 31 December 2022 and up to the date of approval of this report were as follows:

Index Venture Services Limited *

Mr J Hammer *

Mr D H Rimer

Mr C Gonzales-Cadenas

Mr M Mignot (resigned 15 August 2022)

* Designated Member

The responsibility for the management and control of the LLP is exercised by the members of the LLP through the Governance Committee.

Statement of disclosure of information to auditor

Each member at the time when this members' report is approved has confirmed that:

- so far as the member is aware, there is no relevant audit information of which the LLP's auditor is unaware, and
- the member has taken all the steps that ought to have been taken as a member in order to be aware of any relevant audit information and to establish that the LLP's auditor is aware of that information.

Auditor

MHA MacIntyre Hudson has indicated a willingness to continue in office. A resolution concerning its reappointment will be put to the members at the members' meeting approving these financial statements.

This report was approved by the members on 25 April 2023 and signed on their behalf by

Statement of Members' Responsibilities

The Designated Members are responsible for preparing the members' report and the financial statements in accordance with applicable law and generally accepted United Kingdom Accounting Principles.

The Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008 ("the 2008 Regulations") require the members to prepare financial statements for each financial period. Under these regulations the members have elected to prepare the financial statements in accordance with United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland Under Regulation 8 of the 2008 Regulations, the Designated Members must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the LLP and of the profit or loss of the LLP for that period. In preparing the financial statements, the Designated Members are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the LLP will continue in business.

Under Regulation 6 of the 2008 Regulations, the Designated Members are responsible for keeping adequate accounting records that are sufficient to show and explain the LLP's transactions and disclose with reasonable accuracy at any time the financial position of the LLP and to enable them to ensure that the financial statements comply with those Regulations. The Designated Members are also responsible for safeguarding the assets of the LLP and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent auditor's report to the members of Index Ventures (UK) LLP

Opinion

We have audited the financial statements of Index Ventures (UK) LLP (the "LLP") for the year ended 31 December 2022, which comprise the Statement of Comprehensive Income, the Statement of Financial Position, the Statement of Changes in Equity, the Statement of Cash Flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the LLP's affairs as at 31 December 2022, and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006 as applied to limited liability partnerships.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the LLP in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the members' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the LLP's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the members with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the Annual Report other than the financial statements and our auditor's report thereon. The Members are responsible for the other information contained within the Annual Report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 as applied to limited liability partnerships requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

Independent auditor's report to the members of Index Ventures (UK) LLP (continued)

Responsibilities of members

As explained more fully in the members' responsibilities statement set out on page 4, the members are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the members determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the members are responsible for assessing the LLP's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the members either intend to liquidate the LLP or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The specific procedures for this engagement and the extent to which these are capable of detecting irregularities, including fraud is detailed below:

- enquiry of management, those charged with governance, around actual and potential litigation and claims;
- enquiry of entity staff in tax and compliance functions to identify any instances of non-compliance with laws and regulations;
- performing audit work over the risk of management override of controls, including testing of journal entries and other adjustments for appropriateness, evaluating the business rationale of significant transactions outside the normal course of business and reviewing accounting estimates for bias;
- reviewing minutes of meetings of those charged with governance;
- reviewing financial statement disclosures and testing to supporting documentation to assess compliance with applicable laws and regulations

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the LLP's members, as a body, in accordance with with Chapter 3 of Part 16 of the Companies Act 2006, as applied to limited liability partnerships. Our audit work has been undertaken so that we might state to the LLP's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the LLP and the LLP's members as a body, for our audit work, for this report, or for the opinions we have formed

Index Ventures (UK) LLP

Notes to the financial statements for the year ended 31 December 2022

1. Partnership information

Index Ventures (UK) LLP is a limited liability partnership registered and domiciled in England and Wales. The address of the registered office and place of business is 5-8 Lower John Street, London W1F 9DY.

2. Accounting policies

2.1 Basis of accounting

The financial statements have been prepared on the going concern basis, under the historical cost convention as modified by the recognition of certain financial assets and liabilities at fair value, and in accordance with Financial Reporting Standard 102 ("FRS 102"), the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland, and the Companies Act 2006 and the requirements of the Statement of Recommended Practice 'Accounting by Limited Liability Partnerships' ("SORP") issued in January 2019.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also required management to exercise judgement in applying the LLPs accounting policies (see note 3).

2.2 Going concern

The Members have undertaken an assessment of the impact of the ongoing conflict between Russia/Ukraine on the ability to continue as a going concern for a period for at least 12 months from the date of approval of these financial statements. The members consider that the Partnership has sufficient liquid cash resources and can maintain sufficient income generating assets under management to cover its costs and to meet its regulatory capital requirement for this period.

In November 2022 Index Origin II was raised with a commitment of \$300.9m from external investors for the new fund. The fund has an initial term of 10 years and generates fees based on commitments for the Index Group over this 10 year period. The raising of this fund brings the assets managed by the Index Group to EUR 3.6 billion plus USD 7.7 billion based on commitments.

Each of the 16 funds managed are closed ended and hence investors are not able to withdraw their investments on a large scale and therefore creating liquidity issues within the funds.

2.3 Revenue recognition

Revenue, which is stated net of any value added tax, represents fees arising from advisory services provided.

Revenue is only recognised on an accruals basis when the services have been performed and both of the following conditions are satisfied:

- the amount of revenue can be measured reliably; and
- it is probable that the LLP will receive the consideration due under the contract.

2.4 Expenses

Expenses have been recognised on an accruals basis.

2.5 Operating leases

Rentals under operating leases, where substantially all of the benefits and risks of ownership remain with the lessor, are charged against profits on a straight line basis over the period of the lease.

2.6 Current and deferred taxation

No provision has been made for taxation in the financial statements as each member is exclusively liable for any tax liabilities arising out of their interest in the LLP. Tax is assessed on the individual members and not on the LLP.

Index Ventures (UK) LLP

Notes to the financial statements for the year ended 31 December 2022 (continued)

2. Accounting policies (continued)

2.7 Tangible fixed assets and depreciation

Tangible fixed assets are stated at historical cost less accumulated depreciation and any accumulated losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

The LLP adds to the carrying amount of an item of fixed assets the cost of replacing part of such an item when that cost is incurred, if the replacement part is expected to provide incremental future benefits to the company. The carrying amount of the replaced part is derecognised. Repairs and maintenance are charged to profit or loss during the period in which they are incurred.

Depreciation is charged so as to allocate the cost of the assets less their residual value over their estimated useful lives, using the straight-line method. The estimated useful lives range as follows:

Leasehold property	-	over the length of the lease
Furniture	-	over 5 years
Equipment	-	over 3 years

2.8 Financial Instruments

Financial assets

The LLP's financial assets comprise basic financial instruments being trade and other receivables, cash and bank balances and derivatives.

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours.

Trade and other receivables are measured initially at transaction price and thereafter at the amount of cash or other consideration expected to be received less any impairment. Any impairment loss is recognised in the Statement of Comprehensive Income.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of Comprehensive Income.

An impairment loss is measured as the difference between an asset's carrying amount and the amount that the company would receive for the asset if it were to be sold at the reporting date.

Financial assets are derecognised when the contractual rights to the cash flows from the asset expire or are settled, substantially all the risks and rewards of the ownership of the asset are transferred to another party or control of the asset has been transferred to another party who has the practical ability to unilaterally sell the asset to an unrelated third party without imposing additional restrictions.

Index Ventures (UK) LLP

Notes to the financial statements for the year ended 31 December 2022 (continued)

2. Accounting policies (continued)

2.8 Financial Instruments (continued)

Financial liabilities

The Company's financial liabilities comprise basic financial liabilities, being including trade and other payables, amounts due to fellow group companies and accruals. These are initially measured at transaction price and thereafter at the amount of cash or other consideration expected to be paid.

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities.

Other financial liabilities comprise derivatives.

Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

Derivative instruments

Derivative financial instruments are initially measured at fair value on the date on which a derivative contract is entered into and are subsequently measured at fair value through the Statement of Comprehensive Income. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

The fair value of the forward currency contracts is calculated by reference to current forward exchange contracts with similar maturity profiles.

Offsetting

Financial assets and liabilities are offset and the net amount reported in the Statement of Financial Position when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

2.9 Members' participation rights

Members' participation rights are the rights of a member against the LLP that arise under the members' agreement (for example, in respect of amounts subscribed or otherwise contributed remuneration and profits).

Members' participation rights in the earnings or assets of the LLP are analysed between those that are, from the LLP's perspective, either a financial liability or equity. A member's participation right results in a liability unless the right to any payment is discretionary on the part of the LLP.

Amounts subscribed or otherwise contributed by members, for example members' capital, are classed as equity if the LLP has an unconditional right to refuse payment to members. If the LLP does not have such an unconditional right, such amounts are classified as liabilities.

Where profits are automatically divided as they arise, so the LLP does not have an unconditional right to refuse payment, the amounts arising that are due to members are in the nature of liabilities. They are therefore treated as an expense in the Statement of Comprehensive Income in the relevant year. To the extent that they remain unpaid at the year end, they are shown as liabilities in the Statement of Financial Position.

Conversely, where profits are divided only after a decision by the LLP or its representative, so that the LLP has an unconditional right to refuse payment, such profits are classed as an appropriation of equity rather than as an expense. They are therefore shown as a residual amount available for discretionary division among members in the Statement of Comprehensive Income and are equity appropriations in the Statement of Financial Position.

Index Ventures (UK) LLP

Notes to the financial statements for the year ended 31 December 2022 (continued)

2. Accounting policies (continued)

2.9 Members' participation rights (continued)

Other amounts applied to members, for example remuneration and interest on capital balances, are treated in the same way as all other divisions of profits, as described above, according to whether the LLP has, in each case, an unconditional right to refuse payment.

All amounts due to members that are classified as liabilities are presented in the Statement of Financial Position within "Loans and other debts due to members" and are charged to the Statement of Comprehensive Income within "members' remuneration charged as an expense". Amounts due to members that are classified as equity are shown in the Statement of Financial Position within "members' other interests".

2.10 Foreign currencies

Functional and presentation currency

The LLP's functional and presentational currency is Pounds Sterling.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Comprehensive Income, including qualifying cash flow hedges.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the Statement of Comprehensive Income within 'finance income or costs'. All other foreign exchange gains and losses are presented in the Statement of Comprehensive Income within administrative expenses'.

2.11 Pensions

Defined contribution pension plan

The LLP operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the LLP pays fixed contributions into a separate entity. Once the contributions have been paid the Partnership has no further payment obligations.

The contributions are recognised as an expense in the Statement of Comprehensive Income when they fall due. Amounts not paid are shown in accruals as a liability in the Statement of Financial Position. The assets of the plan are held separately from the LLP in independently administered funds.

3. Judgements in applying accounting policies and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the financial position date and the amounts reported for revenues and expenses during the year.

Critical judgements in applying the entity's accounting policies

The Members have not been required to apply any critical judgements in applying the accounting policies.

Critical accounting estimates and assumptions

The LLP makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

Index Ventures (UK) LLP

Notes to the financial statements for the year ended 31 December 2022 (continued)

3. Judgements in applying accounting policies and key sources of estimation uncertainty (continued)**Useful economic lives of non-financial assets**

The annual depreciation charge for tangible assets is sensitive to changes in the estimated useful economic lives and residual values of the assets. The useful economic lives and residual values are re-assessed annually. They are amended when necessary to reflect current estimates, based on technological advancement, future investments, economic utilisation and the physical condition of the assets. See note 9 for the carrying amount of the non-financial assets, and note 2.7 for the useful economic lives for each class of assets.

Impairment of debtors

The LLP makes an estimate of the recoverable value of trade and other debtors. When assessing impairment of trade and other debtors, management considers factors including the current credit rating of the debtor, the aging profile of debtors and historical experience. See note 10 for the net carrying amount of the debtors and any associated impairment provision.

4. Turnover

Turnover, which is stated net of VAT, represents fees for the provision of advisory services in the UK to entities based in Jersey.

5. Administration expenses

Administration expenses include salaries, travel costs, professional fees and office expenses and foreign exchange gains and losses.

6. Operating profit

Operating profit is stated after charging/(crediting):

	2022	2021
	£	£
Depreciation of owned fixed assets	112,042	238,695
Operating lease rental - land and buildings	1,942,125	1,594,727
Foreign exchange gain	(66,148)	(97)
Auditor's remuneration - audit services	<u>21,975</u>	<u>18,900</u>

7. Information in relation to members

	2022	2021
	£	£
Profit for the year available for discretionary division among members	<u>19,279,073</u>	<u>15,685,219</u>
The profit that is attributable to the member with the largest entitlement to profit is	<u>6,711,817</u>	<u>4,805,854</u>

The average number of members during the year ended 31 December 2022 was 4 (2021: 5).

Index Ventures (UK) LLP

Notes to the financial statements for the year ended 31 December 2022 (continued)

8. Employee Information

Amounts due to members				16,780,274		

On winding up, if profits allow, the members shall be entitled to their profit allocation as normal, then a return of their capital contribution. The members will rank equally with other non-preferential creditors of the LLP.

15. Financial Instruments

At 31 December 2022 the LLP held forward foreign exchange contracts to hedge currency exposure of future income.

The notional principal amounts of these contracts as at 31 December 2022 amounted to £28,000,000 (2021: £38,000,000).

The contracts were/are due to be settled in January 2023 and July 2023 (2021: January 2022, July 2022 and January 2023). The net fair value gains/(losses) on these open contracts as at 31 December 2022, determined by reference to their market values, were as follows:

	2022 £	2021 £
Forward foreign exchange contracts:		
Fair value at 1 January	200,810	1,027,553
Movement in unrealised gain in the fair value of financial instruments at fair value through profit or loss	(1,065,111)	(826,743)
Fair value at 31 December	(864,301)	200,810

Index Ventures (UK) LLP

Notes to the financial statements for the year ended 31 December 2022 (continued)**16. Operating lease commitments**

At 31 December 2022 the LLP had the following annual commitments under non-cancellable operating leases as follows:

	2022 £
Land and buildings	
Payable within one year	1,238,617
Payable between one and five years	4,608,700
Payable after five years	1,116,301
Total payable	<u>6,963,618</u>

Under the non-cancellable operating lease the LLP is committed to paying service charges until the end of the lease term. The service charge is variable and is calculated each year by the landlord. During the year ended 31 December 2022 service charges amounted to £115,333 (2021: £116,233).

17. Related party transactions

Index Venture Associates IV Limited, Index Venture Associates V Limited, Index Venture Growth Associates I Limited, Index Venture Growth Associates II Limited, Index Venture Associates VI Limited, Index Venture Life Associates VI Limited, Index Venture Associates VII Limited, Index Venture Associates VIII Limited, Index Venture Growth Associates III Limited, Index Venture Associates IX Limited, Index Venture Growth Associates IV Limited, Index Venture Associates X Limited, Index Venture Growth Associates V Limited, Index Associates I Origin Ltd, Index Venture Associates XI Limited and Index Venture Growth Associates VI Limited, all of whom are registered in Jersey are related parties as they share common beneficial owners.

During the year end 31 December 2022, the LLP provided services on an arm's length basis totalling £40,565,134 (2021: £30,908,130) to these entities.

As at 31 December 2022 £2,712,179 (2021: £408,130) was due from these entities and is included in other debtors.

Index Ventures (U.S.) Inc., which is registered in the United States, is a related party as it and the LLP are fellow subsidiaries of Index Ventures SA.

During the years ended 31 December 2022 and 31 December 2021, the LLP made payments on behalf of Index Ventures (U.S.) Inc. and as at 31 December 2022 the LLP was owed £nil (2021: £58,738) by Index Ventures (U.S.) Inc. and is included in other debtors.
