

# Facts and figures

Our brand promise "Wir sind da." stands for quality, reliability and personal proximity. We manufacture your plastics processing machines centrally in Lossburg, Germany. We employ around 3700 employees worldwide and have a presence at 37 ARBURG locations and with trading partners in over 100 countries.

## High-quality

We manufacture all key components ourselves – with in-house production accounting for around 60 % and short supply chains. To excellent standards of quality, with absolute reliability, and at an economical price.

## Innovative

We will work with you to find the very best, state-of-the-art solution for your plastic parts production – from stand-alone to turnkey. You can count on us.

## Sustainable

Work sustainably with us in several ways. Benefit from our production-efficient programme and production. We can provide you with expert and comprehensive support.

Contact

“We are one of the leading manufacturers in our industry. Internationally positioned, close to our customers and a pioneer in key issues. You can always rely on us! Wir sind da – We are here for you.”
