About us

COBRA is a historically renowned Group in the development of industrial infrastructure and provision of services, and one of the major players in the renewable energy sector in Spain and Latin America, with extensive experience and presence in the European market.

The company promotes its own highly efficient business model, taking advantage of its vast network of

branches that operate in a coordinated manner to enhance its comprehensive service capacity. Backed by a history spanning eight decades and a profound understanding of the markets in which it operates, the Group has continuously adapted to the changing needs of each client and the growing demand for projects that have a significant impact on society and the environment.

The Group's extensive business activity is conducted in line with its strong values, which include a firm commitment to both its clients and its employees, a dedication to innovation and an unwavering determination to achieve excellence in environmental management in all the countries where it operates.
