Altronix Corp. Software Purchases and Digital Transformation Initiatives

Discover the latest software purchases and digital transformation initiatives being undertaken by Altronix Corp. and its business and technology executives. Each quarter our research team identifies on-prem and cloud applications that are being used by the 60 Altronix Corp. employees from the public (Press Releases, Customer References, Testimonials, Case Studies and Success Stories) and proprietary sources.

During our research, we have identified that Altronix Corp. has purchased the following applications: [A2 Hosting](#) for Application Hosting and Computing Services in 2017, [LiveChat](#) for Chatbots and Conversational AI in 2022, [Microsoft 365](#) for Collaboration in 2021 and the related IT decision-makers and key stakeholders.

Our database provides customer insight and contextual information on which enterprise applications and software systems Altronix Corp. is running and its propensity to invest more and deepen its relationship with [A2 HOSTING](#), [LiveChat, Inc.](#), [GoTo \(formerly LogMeIn\)](#) or identify new suppliers as part of their overall Digital and IT transformation projects to stay competitive, fend off threats from disruptive forces, or comply with internal mandates to improve overall enterprise efficiency.

We have been analyzing Altronix Corp. revenues, which have grown to \$15.0 million in 2024, plus its IT budget and roadmap, cloud software purchases, aggregating massive amounts of data points that form the basis of our forecast assumptions for Altronix Corp. intention to invest in emerging technologies such as AI, Machine Learning, IoT, Blockchain, Autonomous Database or in cloud-based ERP, HCM, CRM, EPM, Procurement or Treasury applications.
