

TOP 49ERS

Welcome to the 2025

TOP 49ERS!

As *Alaska Business* has done for the last forty years, we are celebrating the largest Alaska companies as ranked by gross revenue. Top 49ers are companies that were founded in Alaska, maintain their headquarters here, and have not been acquired by an outside organization. Other than those criteria, the Top 49ers have little in common. Some of the Top 49ers have 100 percent Alaska workforces and operate primarily in the state, while others have national and international operations with subsidiaries and employees worldwide. As a group, they offer services in every major Alaska industry to communities across the state.

This year's theme for the Top 49ers is "Mapping the Future" and was inspired by our 40th anniversary celebrations. Anniversaries often motivate celebrants to look back at their history, but the true value of studying the past is to improve the future. This special section contains both recent noteworthy events and a little insight from some of the Top 49ers about what the future may hold.

Click here to view the map and see our fanciful vision for the future.

No. 1 *Arctic Slope Regional Corporation*

2024 Rank: 1 | 5% Change in Revenue

2024 Revenue:

\$5,747,713,000

2023 Revenue:

\$5,498,216,000
