CordenPharma 2025 Year-End Highlights: Accelerating Innovation Together

News 17 Feb 26

01:10

As we close out 2025, we want to take a moment to express our sincere appreciation to our customers and partners around the world. This past year was defined by meaningful collaboration, scientific progress, and shared achievements that continue to strengthen our impact across the global pharmaceutical and biotechnology landscape.

Growing Together to Meet Emerging Needs

Thanks to your trust and partnership, we achieved **€960 million in net sales** and delivered **11% CER growth** compared to the previous year. Beyond the numbers, these results reflect the strategic relationships we've built, the challenges we've solved together, and the innovative therapies we've helped bring closer to patients.

We also initiated and advanced more than **40 new projects** in 2025, spanning early development through commercial

therapeutic areas.

Strengthening Quality as a Shared Priority

Quality is the foundation on which we operate and one of the most important expectations you place on us. In 2025, we successfully completed **10 Health Authority audits** and **80 customer audits** across our network. These outcomes reflect the expertise, operational rigor, and continuous improvement mindset embedded across our global teams.

Your feedback and collaboration play a critical role in helping us strengthen systems, harmonize best practices, and ensure we meet the most stringent global standards. Together, we are building a stronger, more resilient supply chain for the future of healthcare.

Recognizing Breakthroughs That Benefit Our Customers

This year we were honored to be recognized with two significant industry awards:

- **CPHI Pharma Award for API Development & Innovation**, acknowledging our **TAPS: TAG-Assisted Peptide Synthesis technology**.
- **European CDMO of the Year** from the Life Science Connect CDMO Leadership Awards Europe

Both awards reflect advancements with a single goal: to help our customers accelerate development, simplify manufacturing, and access technologies that drive competitive advantage.

Thank You for Your Partnership

To all our customers and partners: thank you for your trust, collaboration, and commitment to advancing science. We look forward to building on this momentum and shaping the
